An Introduction to Python Programming Language

Introduction

This solutions book is for the beginner level in the ***PythonRun*** series.

Here are the solutions to the quick tests at the end of the units as well as the end of the book project-based assessments.

There is not always a single solution to a problem, so the one you have come up with may not match exactly what you will find here, but they will give you an idea of possible approaches.

SOLUTIONS

Unit 3 >>

>> Working with Data

Quick Tests Solutions

Solution: Good Eating

pg.49

```
>>> name = input('Enter name: ')
>>> age = input('Enter age: ')
>>> food = input('Enter favourite food: ') + 's'
>>> # To make the print sentence grammatically correct we can add an
's' to change the food into its plural form.
>>> print('Hey, my name is %s and I can eat %s %s in 1 minute.' %
(name, age, food))
```

```
>>> print ("The Terrestrial Planets:  
Mercury, Venus, Earth and Mars are called 1)_____ planets, because  
they have rocky surfaces. 2)_____ is the closest planet to the sun.  
3)_____, which is also called the evening star, has a 4)_____  
of 500 degrees Celsius and clouds of sulfuric acid. 5)_____ is also  
known as the red planet. Recently, frozen 6)_____ was discovered  
there.")
```

```
>>> one = input('Enter an word for the first blank: ')  
>>> two = input('Enter an word for the second blank: ')  
>>> three = input('Enter an word for the third blank: ')  
>>> four = input('Enter an word for the fourth blank: ')  
>>> five = input('Enter an word for the fifth blank: ')  
>>> six = input('Enter an word for the sixth blank: ')  
>>> print ("The Terrestrial Planets:
```

```
Mercury, Venus, Earth and Mars are called %s planets,  
because they have rocky surfaces. %s is the closest  
planet to the sun. %s , which is also called the  
evening star, has a %s of 500 degrees Celsius and clouds  
of sulfuric acid. %s is also known as the red planet.  
Recently, frozen %s was discovered there." % (one, two, three, four,  
five,six))
```

```
>>> print ('Last month, I went to Disney World with', input('noun 1:\n'),  
' . We traveled for', input('number:\n'), 'hours by', input('noun 2:\n'), ' . Fi-  
nally, we got there and it was very', input('adjective 1:\n'), ' . There were',  
input('adjective 2:\n'), ' people', input('\ning\' verb:\n'), 'everywhere. There  
were also people dressed up in', input('noun 3:\n'), 'costumes. I wish it  
had been more', input('adjective 3:\n'), 'but we', input('past tense verb  
1:\n'), 'anyway. We also went on some', input('adjective 4:\n'), 'rides, one  
called \'Magic', input('noun 4:\n'), ' .', input('noun 5:\n'), 'fell off a ride and  
had to be', input('past tense verb 2:\n'), ' . Last we went to the hotel and',  
input('past tense verb 3:\n'), ' . Next year, I want to go to', input('noun 6:\n'),  
'Land, where we can', input('present tense verb:\n'), ' .')
```
